CONVENTION OF DECORATORS AND PAINTERS OPENS

Members Flock to Edmonton
From All Parts of the
Dominion.
ALL WILL VISIT EMPIRE
TO SEE OLGA NETHERSOLE

Tomorrow Papers of a Technical Nature Will Be Read at Meeting.

PAGE ONE

About 75 delegates from all over the dominion, but principally from the west, were present at the opening session of the fifth annual convention of the Canadian Master House Painters and Decorators association, in the council chamber at the Civic block this morning.

Archdeacon H. A. Gray, bishop-elect of Edmonton, opened the session with prayer, after which addresses of welcome were delivered by Mayor W. J. McNamara, vice-president, A. Deslites of the association and Fred C. D. V. Jager of the Edmonton local association.

Minutes of last year's convention were read and approved of and credentials of delegates examined after which the delegates adjourned till this afternoon when the serious business of the convention will start, with papers by J. W. McElroy and W. C. Gray and a demonstration of varnish making by E. A. McIntyre.

This evening the delegates will attend the Empire theatre in a body to see Miss Olga Nethersole, now appearing in vaudeville in the Orpheum circuit, and the other Orpheum acts to be seen at this theatre the first three nights of this week.

Tomorrow morning papers of a technical nature will be read by James Henderson, of the Architects association, and C. B. Fathery, and an address will be given by W. L. Richardson, director of technical education for the city school board.

T. Lyons, president of the association, will give a paper at tomorrow afternoon's session, and A. Deslites, vice-presidents will speak on "Wallpapering and Decorating for the Year Will Be Needed and Next Year's convention chosen."

The painters and decorators will unite with the delegates to the convention of builders' exchanges and the Alberta clay products manufacturers tomorrow night in a monster session in the Empire auditorium. This will formally close the convention, but those who are still in the city Thursday afternoon will enjoy an auto ride around the city with the delegates to the other two conventions.

**ACCUSED OF MURDER
TORCHYNUK SAYS HIS
WIFE MADE UP STORY**

"I am innocent of the murder of the little girl," said the defendant, "and my wife." This is what Chas. Torchynuk says about the murder charge that has been laid against him. Torchynuk is confident that he can prove his innocence at the preliminary hearing, which is to be held tomorrow. He insists to his counsel that at the time his child died, both he and his wife were in bed, the child had been ill for some time and that he died of natural causes. He also claims that both the doctor and the coroner viewed the body of the child and came to the conclusion that it was not necessary to hold an inquest.

**PRINCE PIGNALLI
SUICIDES ON STREET
BY SHOOTING SELF**

Cerbero, France, Feb. 23.—A despatch received here last night from Barcelona, Spain, said that Prince Pignalli committed suicide today in the Bonanova promenade by shooting. The motive for his act was unknown. The prince was serving a period of military service in Barcelona with the tenth artillery.

**HENRY MOORE TELLER
TWENTY YEARS SENATOR
DIES AFTER LONG ILLNESS**

Denver, Col., Feb. 23.—Henry Moore Teller, former cabinet officer and for more than thirty years United States senator from Colorado, died this morning aged 82. Having been ill for two years his death was not unexpected.

News From Stefanoson.
Bawson, Yukon, Feb. 23.—William MacFarlane and Daguer, trappers from Fort MacPherson, arrived at Dawson yesterday with telegrams and mail from Vihjalmur Stefanoson, the Canadian explorer who reached MacPherson January 21, reporting he could get authentic news of his steamer, the Barkut.

LICENSE HAS BEEN GRANTED FOR HOTEL ON NINTH STREET

Unlike the residents of the district surrounding the corner of Alberta and Sinclair avenues, which was refused a wholesale liquor license last Wednesday, those living near the new Marlboro hotel, on Ninth street, between Athabasca and Peace, formerly the Empress rooming house, will be able soon to drown their sorrows or stimulate their joys in whatever beverages suit their fancies best, as James Macdonald, proprietor of the new hostelry, will get a hotel license. It was recommended subject to final inspection by the board on Friday last, sitting at 10:30 a.m. after the members had looked over the ground at first hand, and decided whether the objections by those who claimed that the district was a residential one, were valid.

"LIVING CREW ARE SAVED!" IS CRYPTIC WIRELESS MESSAGE

The Lizard, Cornwall, Eng., Feb. 23.—(28. 0. 15) signals from the German steamer "Wilhelm" were picked up by her sister ship "Frauentopf" and communicated by wireless to the signal station at The Lizard today.

The distressed "Wilhelm" was half way across the Bay of Biscay on her way from Hamburg to Calcutta with passengers and freight when the urgent "S. O. S." signal was caught at noon.

A later wireless from the steamer "Leocornia" bound from La Platen for England says the "Wilhelm" does not require assistance. The message ends with the cryptic phrase: "The living crew are saved."

Officials here are unable to understand what this means unless it indicates that there was an explosion on board.

PRESIDENTS WILL ADDRESS MEMBERS OF BUILDERS' EXCHANGE

All members of the Edmonton Builders' exchange are asked to be present at 10 o'clock tomorrow morning in the city hall to hear the addresses of the visiting delegates to the convention of builders' exchanges, and to welcome them personally. President W. J. Davidson, of Winnipeg, and T. H. Miller, president of the local exchange, will welcome the delegates, and it is also expected that Mayor McNamara will officially give them the freedom of the city.

EMMELINE PANKHURST WILL HEAD DEPUTATION TO WAIT ON KING GEORGE

London, Feb. 23.—Mrs. Emmeline Pankhurst, the militant suffragette leader, personally will head a deputation with the Women's Social and Political Union purposes will send to interview King George. The announcement was made at the meeting of the organization today. Mrs. Dore Fox added that Mrs. Pankhurst would be accompanied by her bodyguard. The leader will first write a letter to King George and subsequently proceed to the place she has appointed to meet his majesty.

Troops Passengers Held Up.
Seattle, Wash., Feb. 23.—Three masked men held up an interurban train on the Seattle-Tacoma train late today night and robbed the passengers of more than \$800. After the robbers had collected their tribute they escaped in the moving car and escaped.

Armoured Cruiser Ashore.
Toulon, France, Feb. 23.—The French armoured cruiser "Voltaire" Rousseau ashore today in the gulf of Juan near Nice. Divers reported that she had not suffered any damage and it was hoped it would be possible to tow her off at high tide.

Kidnapped His Own Son.
La Rochelle, France, Feb. 23.—Fernand Pignelli, the American painter, charged with kidnapping his son, said that his son Pignelli committed suicide today in the Bonanova promenade by shooting. The motive for his act was unknown. The prince was serving a period of military service in Barcelona with the tenth artillery.

NIECES BATTLE TO KEEP RICHES FROM DEAD MAN'S WIDOW AND SONS.

Testimony taken in Los Angeles shows that Frank H. Holyoke, of Bangor, Maine, who died in October, 1911, leaving an estate of \$500,000, with two nieces, the Misses Marjorie and Madeline Holyoke, referred to by his wife as "that sick" and "that sick" who won't get any more of my money. The widow and two sons are contesting the will.

DAIRY CONTESTS ARE ARRANGED BY DUNCAN MARSHALL

Minister of Agriculture Has Scheme to Interest Farmers in This Branch

FOUR COMPETITIONS; MANY VALUABLE PRIZES OFFERED

Only Open to Grade Cows, and Awards Will Be Live Stock.

Honorable Duncan Marshall, minister of agriculture, has arranged for four dairy competitions to be carried on in the province, beginning April 2. These competitions will be under the direct charge and supervision of S. G. Carby, who is instructor in the management of dairy herds under the Dominion grant in the provincial department of agriculture. Three of these competitions will be carried on in connection with the three schools of agriculture, with headquarters at Vermilion, Olds and Claresholm. These competitions will be open to grade cows only, and the prizes in connection with them will be live stock. As there are ten prizes to be given in each competition, there should be a large number of entries, and a good deal of interest should be taken in it. Mr. Marshall has decided to put on these competitions because of the success that attended the competition held under the Dominion grant in aid of agriculture in connection with the demonstration farm at Vermilion last year.

Special Awards For Girls.
As a number of girls have been attending the schools of agriculture have signified their desire to take part in the competition, there is a special award being offered to the girl who stands the highest in each competition. Mr. Carby will be assisted in this work by the instructors in animal husbandry and some of the other teachers in the schools of agriculture. Mr. Marshall thinks that if dairying is to be a success in Alberta, there is nothing so important to the dairyman as the securing of first-class cows, and the only way he can find out whether his cows are profitable or not is to subject them to the test of the scales and the habrick test.

The fourth competition will be open to pure bred herds throughout the entire province, and it is expected that a number of breeders will enter this competition and that they will not only show their rivalry in competing for the prizes, but their different herds, but it is expected that some phenomenal records will be made which would lead to advertise Alberta as a dairy province.

The following regulations will govern the competitions:
1. The competition shall be open to student who has attended the Vermilion, Olds or Claresholm schools of agriculture, and to any farmer within a radius of 20 miles of one of these schools.
2. The competition shall commence April 1, 1914, and fresh cows will be admitted until June 1, 1914.
3. The competition shall close January 31, 1915.
4. Each competitor may enter as many cows as he or she desires, only grade cows being eligible.
5. Each cow from the first show shall be started from the day she freshens, and shall continue for a period of 240 days.
6. Each cow from the second show to April 1 may be started in the competition beginning April 1.
7. Scales and milk sheets will be supplied by the department of agriculture.
8. An inspector will be appointed to inspect the cows, and weigh their milk at least once in six weeks, or as often as he deems advisable.
9. All milk record sheets must be sent in promptly.
10. When a new cow freshens, the inspector must be immediately notified in writing.
11. The inspector must be furnished with a list of cows with the age and description of each cow.
12. At each visit of the inspector the competitor will be required to feed to the amount and kind of feed fed to each animal.
13. In cases of dispute, the inspector's ruling shall be final.
14. Any competitor not complying (Continued on Page 10)

WILL PURCHASE ALL LUMBER HERE FOR CALGARY FACTORY

A match factory is one of the latest proposals for Calgary, but it seems that the ambitious foothill city must come to the Edmonton district for the lumber with which to make the matches. L. N. Ellis, superintendent of forestry for the C. P. R., is in town today looking over the timber situation in this district with a view to getting material for the proposed match factory. He will interview the authorities today regarding the matter.

W. J. Gerow, manager at Saskatoon for the natural resources department, has been in the city discussing the land business with S. J. Thorburn, local manager. He states that prospects are good in Saskatchewan this year.

Accompanying these two is W. T. Jones, inspector of lands for the department of natural resources. His trip is a periodical one for inspection purposes.

FRIENDLY FEELING NOW EXISTS BETWEEN NORWAY AND SWEDEN

London, Feb. 23.—The tension which for some time has existed between the Swedish and Norwegian governments has now given place to a more cordial feeling and it is probable that King Haakon and Queen Maud will pay a visit to Stockholm in the early summer. It is intimated that a new and lasting treaty may be arranged. Such a development would be cordially welcomed by the friends of Sweden and Norway, for an effective Scandinavian entente would aid in preserving the balance and, as a consequence, the peace of northern Europe.

Will Give Reception
A reception to which everyone is welcome will be given under the auspices of the Ladies' Aid in the First Presbyterian church on Tuesday evening 10 o'clock. The question is imperative and wide in its significance that this government department appears aware of.

TRAGIC KILLING IS CHARGED OF IN OFFICIAL FORM

Sir Cecil Spring-Rice's Words to Secretary Bryan Greeted With Cheers.

OPINION IN EUROPE IS INFLUENCED BY AFFAIR

Foreign Office Indicates There is Not Any Intention of Intervention.

El Paso, Feb. 23.—Americans at least have obtained a version of the killing of Benton, which they believe to be the truth. It was that Villa knocked Benton down and then two of his men made take the Scotman into the back yard, where the rebel general presently followed and fired the fatal shot.

Washington, D. C., Feb. 23.—Senator Fall, of New Mexico, has sent to Secretary Bryan the following telegram he had received from R. H. Dyer of El Paso:

"Will you use your influence to persuade the Washington government to demand immediate surrender of Benton's body to proper authorities, and also have complete medical examinations made before the body is decomposed. I am certain the body will show great 'abnormalities' in addition to gunshot wounds."

Dudley is a railroad builder who has operated in Mexico for many years, and now is a refugee in Texas.

London, Feb. 23.—The history of the Benton affair as contained in the information furnished to Sir Cecil Spring-Rice, British ambassador to the United States, by the state department at Washington, was communicated in official form to the House of Commons today by Sir Edward Grey.

When the British foreign secretary reached, where Sir Cecil Spring-Rice had told Secretary of State Bryan that the public opinion in Europe was likely to be seriously affected by Villa's attitude, an encouraging cheer rolled through the house. Sir Edward Grey added that Mr. Bryan, while declining responsibility for Villa's actions, had promised to do his best to see that the body would be forthcoming, and expressed deep regret at the occurrence.

Sir Edward Grey said that he was not of course, implying that it has any responsibility for what has taken place.

"I should like to add that the fact that we are communicating with the government of the United States does not, of course, imply that it has any responsibility for what has taken place."

"Communication has been made because the United States alone can in these circumstances exercise any influence over the government of Mexico."

"In the course of his explanation Sir Edward Grey read a telegram which Mr. Cecil Spring-Rice has received from R. H. Dyer at El Paso, which was as follows:

"I beg to advise your excellency that my husband, Benton, a British subject yesterday went to Juarez, and after a long discussion with Villa, was thrown into jail."

"A friend visited Villa on his behalf, Villa said, 'I have not got him in prison. I saw him this morning and declined any further talk.'"

View of Foreign Office
London, Feb. 23.—The "pacifist" of Mexico is not, however, as honestly desirous to accomplish his end as it is possible to effect it by British intervention. We don't intend to make any attempt of that character, which would be both futile and impolitic."

"This is the attitude of the British foreign office as outlined today in the house of commons by Francis Dyke-Acland, parliamentary under secretary for foreign affairs, after full consideration of the series of victimizations of British subjects in Mexico, culminating in the killing of Benton, William A. Benton by Villa at Juarez."

PITILESS ONE DAY AND INDULGENT THE NEXT
Thinks Adaptation of Monroe Doctrine Will Meet Many Obstacles.

Paris, Feb. 23.—The Temps in a leading article comments on President Wilson's role as preserver of peace in Latin America, and after enumerating the different revolutions now in progress and threatening in South and Central America, says:
"Over these agitated or tranquil republics watches solicitously a Napoleonic policy—Wilson—a doctrine of the future. Their mentor has just notified them that the United States will not tolerate among them disorder or unconstitutional government. The ideas, tendencies and political purposes of the South American states, however, differ too much from the United States to allow a uniform application of rule."

DUNCAN MARSHALL WILL ADDRESS B.C. LIBERAL MEETING

Hon. Duncan Marshall, minister of agriculture will infuse some of the Alberta spirit into the British Columbia provincial Liberal convention to be held in Victoria this week. Mr. Marshall's fame as an orator has spread more than ever after his address at the conclusion of the irrigation convention in Portland, and the coast Liberals have taken the opportunity to have him speak at the annual B. C. convention.

Mr. Marshall, Dr. T. T. T. Stevens, deputy minister Harcourt addressed a meeting at Victoria, B. C., on the conclusion of the irrigation convention there last week, and it is reported that the interest taken in the schools by the farmers is not abating but increasing.

This week the course is being given at Alhambra, the special train of live stock being sent to the northern route. At this course lectures will be given by Dr. N. Weinberger, superintendent of the Redwood farm, W. F. Stevens, live stock commissioner, E. A. Howes, of the Vermilion agricultural school, G. G. Campbell and A. W. Foley, poultry superintendent.

POINCARÉ PRESIDES AT BANQUET TO PAY RESPECTS TO VETERAN

Paris, Feb. 23.—Raymond Poincaré, the president of the republic, presided at a banquet given last night in honor of the survivors of the French army who took part in the battle of Sidi Brahim in 1845 in the French war of subjugation in Algeria. Poincaré is now 55 years old and recently was decorated with the Legion of Honor.

While wounded and a prisoner he was ordered at a critical stage of the battle by Abd-el Kader the Arabian chief, to sound the recall in order to receive the French troops. Without an instant's hesitation he sounded the charge. In this clash that followed the French carried the day.

President Poincaré who was a reservist officer in Holland's old regiment concluded a ringing speech by embracing the veteran amid thunders of applause from the diners, who included several celebrated gentlemen.

Endorse Social Center.

At a largely attended meeting of the People's Forum last night, a resolution, moved by T. F. Mason, and seconded by Alderman East, was carried unanimously, heartily endorsing the school social center movement, and requesting the school board to hold early public evening meetings in the leading schools of the city, so that plans for putting the scheme into effective operation can be discussed.

Phillipsburg, N. Y., has adopted commission government.

DANIEL TOOLE GIVES STRIKING ADDRESS ON "MAN'S FINAL DESTINY"

The lecture Sunday afternoon in the Empire auditorium was well attended. Mr. Toole spoke on "The Destiny of Man." He handled his subject in a very pleasing manner and is firm in his conviction that the destiny of man is thoroughly outlined in the Scriptures. He stated that God purposed the selection of the church before the blessing of resurrection should go to the world. This church is called sometimes "The Body of Christ, which is the church," of which Jesus is the head. Again it is styled "The Bride—the Lamb's Wife." Ever after Pentecost the heavenly Father has been drawing believers to Jesus' side. After justifying them through faith in the precious blood, they have been invited to become Jesus' disciples. His followers, to walk in His steps, to lay down their lives in the Father's service, as Jesus did, and to develop in their hearts the fruits and graces of the Holy Spirit to such a degree that they might be called "Copies of God's dear Son." Then will come the holy, invisible Messianic Kingdom and the binding of Satan and the destruction of his unholy, invisible kingdom, and the setting loose of agencies for the enlightening and uplifting of the whole race.

PRINCE OF WALES TO VISIT DOMINION; KING WILL INVEST

London, Feb. 23.—The king and queen and their advisers are very busy at present considering plans for foreign visits and engagements. The Prince of Wales is regarded almost certain that the Canadian tour will be selected and that his royal highness will visit the Dominion this year.
It is also known in court circles that the purchase of real estate in the Dominion is contemplated by the king. Much money has been saved from the sale of the Prince of Wales's property in Lancashire, and it is money that is likely to be invested in Canada.

RED DEER MEMBER ADDRESSES OTTAWA CANADIAN CLUB

Ottawa, Feb. 23.—Dr. Michael Clark, member for Red Deer was on Saturday the guest of honor of the Ottawa Canadian Club at a luncheon given at the Chateau Laurier. His subject was some fraternal legislation and some parallels and a forecast in the Scriptures. The parallels he drew were between the changes in Great Britain in the period from 1812 to 1861, and the changes which have taken place in the United States during the last 11 months. Canada was likened with both countries, to the United States by physical geography to the United Kingdom by more supreme but even stronger links of flag, laws, traditions and forms of government. It was inevitable that political happenings in either country must affect Canada and when the conditions were the same in both countries there influence was likely to be overpowering. What had taken place in England from 1842 to 1861 had been repeated under Woodrow Wilson's guidance in the United States.
The attention was then turned to the man combining the reforming zeal of Cobden, with the administrative zeal of Lord Peel.

Wind Overturns Train.

Therne, Switzerland, Feb. 23.—An express train was emerging from the new Lontzen tunnel yesterday, it was struck by a terrific squall, known as a foehn, a violent southeast wind, peculiar to the Alps. The last two cars of the train were overturned and one passenger killed and several hurt.

Schooner Fatally Wrecked.

St. John's, Nfld., Feb. 23.—The schooner Eleanor was totally wrecked at Partridge cove, Placentia bay, Saturday. The crew of nine was saved.

BABY PROVES TO BE REGULAR GOLD MINER TO LONDON PARTIES

London, Ont., Feb. 23.—Chas. C. Alexander Lyell Mercer, the little son of Robert A. Mercer, No. 169 Colborne street in this city, has the distinction of being the first baby born in Edinburgh, Scotland, under the maternity benefits of the Lloyd George insurance act, and accordingly received two prizes, a handsome cup presented by Charles Lyell, M. P., for the first child born in South Edinburgh, after passing of act, and a cash prize of £3 awarded to the first baby born in Edinburgh City by the London and Manchester News, together with an additional prize of £1 paid on the occasion of its first birthday, Jan. 13 last. The act went into effect Jan. 13, 1913. Mr. Mercer received the additional prize of one pound a few days ago.

Chas. W. Murphy Resigns as President and Stockholder of the Chicago Baseball Club

Resignation Took Place at Meeting of National League Directors and Team Presidents, and Is Result of Recent Trouble With John Evers as Manager of Chicago Club.

Cincinnati, Feb. 23.—As a sequel to the recent deposing of John Evers as manager of the Chicago National League club, Charles W. Murphy, president of that club, Saturday resigned as president, sold his stock and severed his connection with the Cubs. Mr. Murphy is likewise no longer a director of the National league. His holdings in the Chicago club have been purchased by Chas. F. Taft. "I sold out at a clock over the long distance telephone," said Chas. W. Murphy in confirming his retirement from organized baseball. "Mr. Taft offered me more money than I ever thought was in the world for my fifty-three per cent. of the Cubs stock and I accepted. I am forever through with professional baseball, its controversies and squabbles. I am the happiest man in the world tonight."

Murphy would not name the price for which he sold the Cubs. "Mr. Taft can tell if he wishes," said Mr. Murphy. "The transaction is closed and I have nothing more to say about it except that I'm glad Mr. Taft has got the club."

Murphy admitted that the storm of criticism which swept organized baseball after he had unexpectedly dismissed Evers, might have precipitated the offer to buy him out. It might have some bearing on the case, he said, and then he evaded further questioning on the deal. He did not want to discuss it but said he was happier than he had been for 20 years. "I am through with baseball," he reiterated.

The retirement of Mr. Murphy was not entirely unexpected inasmuch as a few days ago President Tener called a special meeting not only of the board of directors of the National league but also of the league as a whole, here to day. Apparently none of the members of the league except Mr. Tener knew the exact purpose of the special meeting although it was generally understood that the Evers case would be the principal subject of discussion.

The withdrawal of Mr. Murphy came after a few hours conference and solved a situation that has grown decidedly delicate in National league circles. While the conference was in session the presidents of seven national league clubs were also at the meeting and discussed the possibility of an amicable adjustment of the Evers case.

Further than acknowledging that he had purchased the stock of Mr. Murphy, Mr. Chas. F. Taft would not commit himself.

In an interview here late last night, Gerry Hunsley, Mr. Taft's representative, told him he offered the presidency of the Chicago National league to Harry Ackerman, of Pittsburgh, vice-president of the club. According to Mr. Hunsley, Mr. Ackerman neither accepted or declined the offer and now has it under consideration.

WINNIPEG SPIEL CLOSED SATURDAY WITH MUCH SUCCESS

Winnipeg, Feb. 23.—The twenty-sixth annual Spiel of the Manitoba Curling association wound up in a blaze of glory here Saturday night when two finals at the Thistle rink concluded the play for the year and marked the closing of one of the most successful curling carnivals during the history of the association. The weather has been exceedingly kind to the devotees of the game and hard ice has been the rule every day since the Spiel opened 12 days ago. Two hundred and five rink entered the open events and the battle for the jewelry was never more keenly fought than this year. In the final round, distributed, though the city curlers annexed the lion's share in the open events, but in the closed competition the visitors carried away the big end of the prize list.

"Noway" Lalonde the Canadian great center, is out of the game for the season, and this will be a big handicap for the Frenchmen in the remaining games of the N. H. A.

TORONTO DEFEAT CANADIENS 3 TO 2

And Practically Assure Them-
selves of N.H.A. Cham-
pionship.

Toronto, Feb. 23.—Toronto defeated Canadiens in Toronto, by 3 to 2 and by this victory made themselves almost certain N. H. A. champions. The game was not as brilliant as some seen in this city during the present season, but was witnessed by an immense crowd. Check checking by both teams was a feature of the play, and in this respect the local team had a little advantage of the Canadiens.

Toronto third and last goal was won on a fluke. Dubeau tried to stop a shot from Walker with his hand, but the rubber deflected off his glove into the corner of the net.

Vezina was caught off his guard and did not have an opportunity to make the stop.

"Pro" Lacrosse at Coast.

Vancouver, Feb. 23.—Victoria lacrosse enthusiasts are awaiting the arrival on the coast of Joe Lally and expect to interest him in the professional game out here. A Victoria enthusiast has offered \$1,000 towards a fund to provide Victoria with the professional arena and an option on the services of Harry Pichering, the Vancouver player, has been secured and he will manage the team. Lally, it is understood will be asked to accept the presidency of the club.

Friends of Tom Longboat, the Indian long-distance runner, will learn with regret of the death yesterday of Mrs. Longboat, the runner's mother, at the Six Nations reserve, Caledonia. Deceased was seventy years of age and is survived by two sons and two daughters in addition to Tom.

Kington tied up Oshawa on the round in the junior series, and efforts are being made to have the game staged at Toronto. It should prove a merry battle.

TWO BASKETBALL GAMES AT Y.M.C.A.

Old Timers Trim McDougalls
40 to 15 and High School
Beats Oxford.

In a senior basketball game at the Y.M.C.A. Saturday, the Old Timers trimmed the McDougalls in very easy style, the final score being 40 to 15. The winners showed a great improvement in form and at no time did the McDougalls come within halcyon distance of giving their opponents a taste for the honors. The McDougalls who have been routine in season in the league, will now have to step lively if they wish to retain that standing, as another loss will set them back a notch. Hammond and Stevens were the high scorers for the winners and McKnight for the losers. Perhaps the most unusual feature of the contest was the fact that Ed Tompkins was able to secure only two baskets, while in most games he has managed to notch at least half a dozen. Saturday night's performance speaks well for his check. The number of baskets scored by each player was as follows: Hammond 7 and 1 foul; Stevens 6; Dawe 4; Clarke 1; Elliott 1; McKnight 3; Tompkins 2; English 1 and 3 fouls. Varsity seniors are still leading the league.

In a basketball contest Saturday night, the high school boys handed the Oxford team a severe drubbing, the final score being 32-10. One of the largest crowds that has ever witnessed a basketball game at the "Y" saw the game and were loud in their praises of the fast and effective combination play of the winners. This makes the third straight win for the school team and from all appearances they are due to clear the top of the intermediate league. The team lined up as follows: High school—Parney, McDermitt, Skitch, Brown and Kerr.

Oxford—Butcher, Hildes, Symes, Bowling and Pifer.

Referee, Wilkie Whitelaw.

COAST TEAMS TO LEAVE FOR EAST SATURDAY NEXT

Vancouver, Feb. 23.—Frank Patrick, president of the Pacific Coast Hockey league, announced today that the Vancouver team would accompany the Victoria champions east next week, playing exhibition matches on the N. H. A. circuit and at Winnipeg while the Victoria are playing the eastern winners for the world's title. The Vancouver team will probably extend their tour to New York and Boston. The teams will leave here by special car next Saturday night.

Hank O'Day, the veteran National League umpire, will be the new manager of the Chicago National League baseball team to succeed Johnny Evers, who was recently forced out of the club. O'Day hopes to duplicate the championship team with which Frank Chance won the undisputed leadership of the league.

BENDER WILL BE ON THE JOB.

WANDERERS SWAMP OTTAWAS 12 TO 3

Rough Game in N.H.A. and
Players Severely
Injured.

Montreal, Feb. 23.—The Wanderers swept the Ottawa's six of their latest Saturday night at the Arena, getting 12 goals to the hard-earned three which the Senators succeeded in pushing past Le Blanc, the keen little guardian of the local net.

It was little short of a rout, and demonstrated that the Wanderers have not been playing as well as they could all season. An owner of a race horse could not get by with such a glaring change of form, and the morals of hockey are just as high as those of the turf.

The game was rough, and both Merrill and Wilson will bear marks for some time. The former had to go to the hospital to be patched up, and left for home, shy four teeth, while Wilson has a scalp wound as memento of Art Ross. The latter, by the way, was the only man to draw a major penalty. He got two.

EDMONTON BOWLERS AT LACOMBE TOOK TWO GAMES OUT OF SIX

Visit of Edmonton Bowlers to Southern Burg Proved Disastrous So Far as Bowling Went.

A bowling team composed of Miller, Esch, Ross, Mullen and Gardner, journeyed to Lacombe on Saturday and played a series of six games with the pin artists of that town, taking two of that number. In the entire there were but eight players who rolled over the 200 mark, McClear of the home team being highest with 226 and Mullen high man with an aggregate of 1,852 for six games. Following are the scores for the series:

Edmonton	Lacombe
Miller	155-207 170 173 145 155-1098

CHOWN PUTTING HOUSE IN ORDER; SIX DISMISSED

Outlines His New Policy for Stores and Works Department.

THINKS FRICTION OF LAST YEAR A THING OF LAST RESIDENTS OF KIRKNESS STREET ANXIOUS THAT THROUGHFARE BE WIDENED.

THOSE DISMISSED.
Office staff: Messrs. Coulson, Bullock, Frederick, Barker, and Sheppard.
Stenographers: Miss Hussey, Miss Spence.
Foremen: Yard Watts; carpenter, Humphries; Tinsmith, Kimbo.

Superintendent Chown has commenced house-cleaning at the stores and works department where a new policy has been outlined. Resulting from conferences that have recently been held, the administration has decided that only supplies which are common to all departments need be purchased through the stores and works. This means that the staff is considerably larger than will be necessary and this morning half a dozen were dismissed. The question of a proper charge has also been taken up and will be reported on by the deputy commissioner who has now been under consideration. Last year a charge of five per cent. was made by the stores department for all small purchases, and one per cent. on car load lots but this was considered excessive. The question of a proper charge has also been taken up and will be reported on by the deputy commissioner who has now been under consideration. Last year a charge of five per cent. was made by the stores department for all small purchases, and one per cent. on car load lots but this was considered excessive. The question of a proper charge has also been taken up and will be reported on by the deputy commissioner who has now been under consideration.

The meeting of council called for 10 o'clock this morning was called off, after the afternoon had waited around the corridors for almost an hour in search of a place to meet. A convention of house decorators is in session the council chamber for two days and the office of the industrial commissioner was being used by the commissioners as a court of revision. Aldermen Coulson, Douglas, Kinney and Campbell were very much annoyed over the circumstance. The balance of the committee were to be cleared up to the council meeting tomorrow night. Superintendent Chown reported to the commissioners that the sum of \$117,315 had been spent on brushing out streets, of which \$29,000 had been taken from the city treasury. He believed that \$8,000 might be taken as the actual cost had the work been done under ordinary conditions. The police department also reported that the work done to benefit the parks would cost ordinarily about \$25,000, but that damage had actually been done to the extent of \$2,000. The matter will be investigated by Commissioners Harrison and Saunders.

Commissioner Chalmers was granted leave of absence for a few days that he may make a business trip to Montreal. He expects to take up matters relative to the police house and the new fire station.

Court of Revision
The commissioners sat, as a court of revision on local improvements this morning to hear any that might wish to appeal against the work as advertised to be done in connection with the extension of the water and sewer on the south side. No appeals were presented and the court adjourned at the expiration of the prescribed half hour.

To arrange if possible for the exchange portion of the property owners at the College Avenue library site, a special meeting of the library board, the public school board and the city commissioners has been called for Friday afternoon at 3 o'clock. The old school ground and the site for the new library have property, a portion of which, it is suggested, to transfer from the one board to the other. The whole matter will be carefully considered at the meeting on Friday.

Give Necessary Five Feet
The safety and health committee have considered the question of the widening of Kirkness street and having met some of the property owners are now decided that a recommendation will be made to council on Tuesday evening which in effect states that the property owners affected will give the necessary five feet on either side of the street and that the cost of moving the block located on lot 8, Norwood, 27, southeast corner of Kirkness street, be paid by the property owners with any other buildings or structures on the property. The committee will be in session again on Wednesday evening when interviewed by a C.N. reporter he stated that the company will open on March 13, 1914, with a complete line of accessories.

STREET RAILWAY NEWS

The street railway carried 42,176 passengers on Saturday and operated 48 cars during the evening rush hours. The interruptions for the day were as follows:

Route No. 1—At 8:20 p.m., Packing Plant and 24th street cars delayed for thirty-three minutes at railroad crossing, Alberta avenue, by C. N. 70 freight train being stalled across the tracks. Delayed from 8:30 to 9:05 p.m. Three packing plant cars turned back from railway crossing. One car being twenty minutes late, returned via First street to make up time. One Namaya avenue extra car ran late during the evening owing to being put out at short avenue by regular car.

All other routes OK.
The maximum number of cars operated on Sunday was 33 with the following interruptions:
Car going north on First street had trouble getting through switch at First and Nelson caused by water main bursting at First and Sutherland. One Namaya avenue car was ten minutes late at 7:35 p.m. and turned at Alberta and Kirkness on time.
All other routes O. K.

ON LONELY TRIP BABY TRAVELLER IS BANQUETED

"I want to come back here in three months. This is the best place I have ever been in," said little Otto Walter, the ten-year-old Swiss boy who is making the 4,000-mile trip from here to Havre, France, alone, when he was met on Saturday night by a delegation from the Industrial association and the Canadian Pacific railway on the arrival of the C. N. R. train from the north.

Among those who met the train were J. S. Macgrath, president, W. A. Milne, secretary, H. A. Roth, vice-president, and August Wolf, of the Industrial association; and J. A. Shulman, travelling agent of the C. P. R., and R. W. Webb, of the sleeping and dining car department.

The mounted policeman carried the boy on his shoulder from the train to the King Edward hotel, where he was met by a delegation from the group and afterwards taken to the C. P. R. station and a flashlight photo taken. He left for the east on the 9:45 p.m. train and the enormous resources of the big transcontinental will ensure not only a safe and comfortable trip, but a pleasant one, just as if he had lots of friends and relatives accompanying him across the continent and the Atlantic.

Otto has been in Athabasca for the last few months visiting his adopted father, Alex. Tinturier. His mother is in the little mountain village of Tinturier, in the little mountain village of Tinturier, in the little mountain village of Tinturier.

SHRINERS ARRANGE CALICO PARTY AND ENJOYABLE DANCE

The local Shriners will hold a calico party in the Crescent restaurant, Jasper street, between Fifth and Sixth streets on Monday night. An excellent program has been arranged and all who attend are promised a most enjoyable time. The prices of admission are—lady in calico gown, or gentleman in overall, 25 cents. Lady or gentleman not conforming to above, 50 cents, while evening dress will cost the wearer \$1 on the occasion. Dancing will be the order of the night from 8:45 to 10 p.m. This will be followed by a lunch and auction, after which there will be more dancing. Ladies will provide lunch, and the chairman of the lookout committee has promised to make coffee.

At the auction there will be put up for sale a number of different pieces of furniture and condiments, and these will be artistically knocked down by J. H. Reed. The limit on any one bid will be one dollar. Shriners are requested to take suitable articles along or leave same at the office of Noble P. S. Watt, 129 Jasper street, prior to Monday night.

MAYOR OF VERMILION DIED ON SATURDAY IN ALEXANDRA HOSPITAL

Death took place on Saturday at the Royal Alexandra hospital of Dr. G. H. Ryan, mayor of Vermilion. Deceased was a prominent man in the medical profession and was a member of the board of governors of the University of Alberta. The death of the doctor came as a great surprise to all his friends for although he had been ailing for a period covering several years and an operation was held on February 11, no one thought that life would terminate so suddenly. Dr. Ryan had celebrated his fortieth birthday a few days ago, and is survived by a wife and child. The funeral will be held from his late home in Vermilion tomorrow. Norman L. Harvie, secretary to Premier Sifton; J. D. Hunt, acting deputy attorney general; and Norman Douglas, representing the University of Alberta, will attend the funeral.

CLAIM \$5,000 FROM THE CITY FOR INJURIES IN STREET CAR ACCIDENT

An action has been started in the supreme court before Justice Simons, against the city of Edmonton by George H. Wright and Mrs. Wright, who allege that on the last day of September, 1912, at the corner of Alberta avenue and Kirkness street, they were struck by a street car which was travelling at an excessive rate of speed, and which the motorman failed to stop to avoid the accident and failed to ring the gong, to give warning of the car's approach, and that they sustained serious and permanent injuries to the extent of \$5,000. The plaintiffs claim for \$5,000 damages and costs of the action.

Ninth prize—Pure bred pig over four months.

Tenth prize—Pure bred pig under four months.

A prize of a heater calf will be given to the girl standing highest in the competition, provided she does not win one of the first four prizes.

Province Wide Competitions

The competition shall be open to the owner of any pure bred herd of dairy cows in the province of Alberta, conducted substantially according to the rules of the Canadian Record of Performance for Pure Bred Dairy Cattle, provided, however, that the test period need not in this case be confined to one period of lactation within 12 consecutive months, and also that the rules governing the feeding of cows be not considered in this test.

1. All cows in the herd must be entered, but the final award shall be made on the average milk and butter fat production of the highest yielding 50 per cent of the cows in each herd, provided ten cows or over are entered in the test.

2. In herd of less than ten cows, the highest five cows shall be taken.

3. A herd must consist of a minimum of five cows.

4. The competition shall commence April 1, 1914, and close March 31, 1915.

5. The department of agriculture will arrange for the supervision of the tests of the cows entered in the competition.

6. In case of dispute, the department's ruling shall be final.

Only 5 more Days. Bring all your Buttons Tuesday and join the merry search.
